## American Planning Association **Kansas Chapter**

*Making Great Communities Happen*

### **Job Postings and RFQ**

There are several Kansas and Kansas City area job postings displayed on the APA website. In addition, there is an RFQ for a parking study in Overland Park. Check out the jobs and RFQ at:

<https://kansasplanning.org/jobs-and-requests-for-proposals/>

---

### **Input Requested: Planning for Extreme Heat Survey**

Bonnie Johnson received a request from the Arizona APA chapter to send out a survey on extreme heat. Please see the information below - your input is appreciated!

#### **Planning for Extreme Heat Survey**

Our research team from the University of Arizona and Arizona State University is studying how planning professionals address extreme heat. Our goal is to survey planning professionals from a wide range of U.S. communities to better understand how extreme heat risk perceptions, current planning activities, and barriers to action vary across the country. This will be useful for researchers, urban planners, emergency responders, policy makers, and climate service providers.

The success of this study depends on input from urban planning professionals like those in the Extreme Heat Network. This survey should take about 10 minutes of your time and participants will be eligible to win one of two \$50 Amazon gift cards upon completing it.

Please click the survey button below or copy/paste the direct survey link into your internet browser to take the survey.

Take Survey here:
